TOP ZERO & KRAUS

SINKS

TOP ZERO

Don't sacrifice design for performance! Top Zero stainless steel sinks are attached flush to the countertop surface for a sleek, vanishing-edge appearance. With its patented design, this is the only true rimless flush-mount sink on the market.

Top Zero sinks seamlessly eliminate the trouble gap between the countertop and the sink, creating one less place to continuously maintain and keep clean in the kitchen.

KRAUS

The KRAUS, faceted stainless steel sinks are designed for convenience, offering easy installation for a remodel or new construction. Complete with mounting decks that create a beautifully finished look, these sinks can be mounted over any kind of kitchen counter for maximum design flexibility.

These top mount/drop-in sinks are comprised of a durable, wear-resistant stainless steel, featuring industry-best NoiseDefend™ soundproofing technology while designed to handle the toughest messes.

MODERNO
PORCELAIN WORKS

Moderno porcelain countertops have long been known for their aesthetic qualities, but today they have truly revolutionized kitchen and bathroom offerings with two top brand sinks:

Top Zero and Kraus. These stainless steel sinks complement the beauty of porcelain while also making sure the kitchen space remains clean, durable and functional.

As a crucial workstation, sinks are a striking focal point in the heart of the home. Family and friend gatherings become enjoyable around a Moderno kitchen. We continuously push the limits of what porcelain can do – the possibilities are truly endless.
